Nixon Pang

Web/Mobile Application Developer

Engineer valued for driving high-performance accessible web experiences. I design quality, user-friendly and scalable products regardless of stack.

Mosaic — Web/Mobile Application Developer   Nov 2020 - Present

I am working with Mosaic as a Web/Mobile Application Developer to create responsive websites and mobile applications for both Android and iOS.

SG Wireless — Hardware Engineer   Feb 2020 - Oct 2020

I worked with SG Wireless as a Hardware Engineer to develop internet-of-things products involving BLE, LoRa and WiFi 6 technologies.

- IoT hardware development on LoRa, BLE, WiFi 6 and NFC
- Native and cross-playform mobile application development using Java and Flutter
- Developing test programs using C, C#, Go and LabView
- Quality assurance of hardware function design
- Compliance and product certification
- Translate customer product requirements into hardware requirements, test plan and design documentations before hardwrae implementation
- In-house manufacturing setup

Education

University of Leeds
BEng Electronic and Electrical Engineering
September 2016 - July 2019
Leeds, UK
